**Courtney Walsh : A Sweethaven Homecoming (The Sweethaven Circle) (Volume 2)** before purchasing it in order to gage whether or not it would be worth my time, and all praised A Sweethaven Homecoming (The Sweethaven Circle) (Volume 2):

0 of 0 people found the following review helpful. A Sweethaven HomecomingBy Sarah A,A Sweethaven Circle Book 2. Another great read by Courtney Walsh. Music sensation Meghan has had a rough past. Blaming herself for the death of a young boy and being blamed for the death. Actually married and having twins, she isn't really wife and mother material. Not wanting her ex to have custody of her kids, she heads back home to upper MI. Will she be able to endure and mend strained and broken relationships? Past friends, her mom, ex and kids, put her to the test.0 of 0 people found the following review helpful. A Sweethaven HomecomingBy CustomerI loved this book. I worked with kids for years and always try to impress upon how words can destroy someone or build them up. Words are so powerful, if we all could just use them in prayer for others. Forgiveness is also powerful and FREEING. What a BEAUTIFUL story about forgiveness that everyone should take time to read. Can't wait to read book 3!0 of 0 people found the following review helpful. Sweethaven HomecomingBy GamingLadyI would have to say that this book was only ok in my opinion. While I was interested in some of the family dynamics, the book never really got "good".. it never boiled .....it only simmered. If you are into Christian writers then maybe this is the book for you, it has a fair amount of comments that I would consider to be religious, which is ok if that is your cup of tea. In many of the relationships, the people would be heading in the direction of coming to grips with the situation they faced with the opposite sex or a family member but instead of confrontation it was like the two people met up and one went north and one went south. I found this frustrating. The length of time it took to see action in a situation seemed really slow and dragging.My suggestion is that if you like this author read her books for yourself and make your own decision.. dont let my review stop you from reading a book that you may love and want to re-read.

The Sweethaven Circle is back -- and so is a friend they thought they'd never see again! The women of Sweethaven are enjoying an Indian summer when their old friend -- the missing member of their scrapbook circle -- arrives back home. Meghan Rhodes has moved on with her life, leaving Sweethaven and its painful memories in the past. But when her ex files for custody of their twins, she takes the first flight back to the beach town full of haunting memories. Meghan wants to make things right with her ex-husband, her children, and the friends she'd convinced herself she no longer needed. But is she too late? Meghan works with friends Jane, Lila, Adele, and Campbell to begin a new

scrapbook for memories yet to be made. Picking up where *A Sweethaven Summer* left off, *A Sweethaven Homecoming* explores the strong bonds of friendship, the power of forgiveness, and the importance of unconditional love.

About the Author Courtney Walsh is a novelist, artist, theater director, and playwright. *Change of Heart* is her fifth novel and is set in the same town as *Paper Hearts*. Her debut novel, *A Sweethaven Summer*, hit the *New York Times* and *USA Today* e-book bestseller lists and was a Carol Award finalist in the debut author category. She has written two additional books in the Sweethaven series, as well as two craft books and several full-length musicals. Courtney lives in Illinois where she and her husband own a performing and visual arts studio. They have three children.
